

## VOWA<sub>classic</sub> STOCK COLLECTION

*Classically good,  
classically proven*

The time has come...

...our new stock collection VOWAclassic will start from July 2021...

- **“Creating diversity” with 11 articles in one collection, 21 designs in total**
- **High-quality multi-talents for universal use, available by roll**
- **Optical diversity: from classic leather embossing to technical surfaces**

The processing and usage versatility is defined, among other things, by the use of different textile carriers, e.g. a heavy cotton-polyester jersey, a very tear-resistant polyester knit or a polyamide jersey that gives the imitation leather bielastic properties. The new developments include among others a version with microfiber fleece and a highly tear-resistant anti-slip version with polyester filament fabric. The offered soft foam PVC film can be excellently processed as a wall covering in the boat and caravan equipment and is also visually ideal to combine with our upholstery article VOWAled Pisa. Proven diversity - our Girona, Pulfero and Pitea articles have been available by the roll for many years and are used for a wide range of applications. They complement our new collection.
